Dear Resident,

The Village of Sands Point requires you to have an alarm permit if you have an active alarm system in your home. The fee for this permit is \$100.00 per year. Alarms are regulated by the Sands Point Village Code (SPC) §40. If your alarm activates without good cause, the failure to have an alarm permit results in a fine of \$100.00 for the first false alarm of the calendar year and \$200.00 for each subsequent false alarm that year. If you have an alarm system in your home, please fill out an alarm permit application and send it to 26 Tibbits Lane, Sands Point, with a check for \$100.00. Make check payable to the Village of Sands Point. Additionally there is an alarm contact sheet you should fill out. Please list the people the police department should contact in case of emergency. Include cell phone numbers and who has a key to enter your home.

Please note the under SPC §40 even with an alarm permit, there is a fine schedule for false alarms. The first two of the calendar year are not charged. Starting with false alarm number three, the fine is \$25.00, \$50.00 for the second, and \$100.00 per false alarm thereafter. If you think you triggered your alarm in error, please call the police department and your alarm company as soon as possible. This will help avoid generating false alarms.

If you have any questions, please email them to cbyrd@police.sandspoint.org.

Thank you,
